## Annual Stormwater Control Measure Inspection Report Cover Sheet

The Town of Wake Forest UDO Section 12.5.6.C. requires that each SCM be inspected annually to ensure it is being maintained on a routine basis throughout the year and is functioning as originally designed.

## **General Information**

**Project Name:** 

Use one Cover Sheet per development along with the correct Inspection Report completed per SCM. Please include, at the end of the report package, color photographs of the inspected elements of each SCM and include captions with clear distinguishing labels.

nspection Results
FAIL*
If any one item on an Inspection Form is coded as "Issue", then the entire SCM fails inspection. If a development has nultiple SCMs and one SCM fails inspection, mark as 'Fail' until all SCMs for the development pass inspection. If naintenance records are not included with this report, the development automatically fails inspection.
<b>lote:</b> A summary of required repairs must be noted on the inspection form submitted to the Town following completion of the failed inspection. A re-inspection and certification must be completed within 60 days of the failed report date. It is ecommended that the inspector be part of the repair process to ensure that repairs are being performed properly.
PASS
lote: The certified professional must sign below.
Professional Certification (Registered North Carolina Professional Engineer, Landscape Architect, Public Land Surveyor, r Certified SCM Inspector)
o be completed only when all SCMs at the site are functional with no outstanding maintenance issues.
, as duly registered in the State of North Carolina, attest that a horough inspection has been completed for all SCMs associated with this development. All inspected SCMs are performing s designed and follow the terms and conditions of the approved O&M agreements required by the Town of Wake Forest nd recorded with Wake County.
